Our
JOURNEY

EZYPRO was born from a vision to solve the long-standing challenges of the construction industry. Mr. Shahzad Ayub started this journey back in 1998 after graduating from UET Pakistan. With over 25 years of hands-on experience and a deep understanding of Pakistan's unique construction landscape, our team has built an all-in-one solution tailored to meet the industry's demands. EZYPRO streamlines every phase of construction projects, reshaping how projects are planned, executed, and delivered, empowering teams to overcome obstacles with efficiency and precision.

About
EZYPRO

EZYPRO is Pakistan's 1st cloud-based construction project management software, designed to empower professionals across the globe. It's an all-in-one platform that simplifies every stage of a project, from design and contractor selection/bidding to final billing. By streamlining operations, EZYPRO ensures everything runs smoothly, remains transparent, and meets all standards. **It significantly reduces project costs by ensuring transparency in all invoices and billing.** Plus, it provides real-time monitoring from anywhere, anytime, with live project updates.
